

Candesce[®] Carded Packaging Grades

Candesce paperboard is still evolving! We are now introducing the addition of Foldover Blister grades to our Carded Packaging portfolio. This new grade has been engineered for typical foldover applications, face blister on primary side, and face blister on back side guaranteed. In addition, Clearwater Paper offers premium printability on both sides of the sheet.

Clearwater Paper now offers a complete line of Carded Packaging Grades: Candesce C/1/S Blister; Candesce Skin; and now Candesce Foldover. Candesce Coated Blister grades feature a premium print surface **AND** 100% fiber tear, a combination unmatched in the industry. Candesce Skin is an uncoated sheet with a porosity specifically designed for skin packaging.
